North South Foundation (NSF) is a non-profit organization involved in implementing educational programs for children in India. The foundation believes that this world can be a better place to live if the children of today are better prepared to be good citizens of tomorrow. Toward this end, the foundation encourages children to endeavour to become the best they can be, by giving their best. Further, while it is self-evident that all humans are created equal, it is education that is paramount to actually realizing the rights of equality including life, liberty, justice and the pursuit of happiness as the founding fathers of this Nation envisaged more than six decades ago.
